

West Virginia Archives and History

Annual Report Fiscal 2020-2021

Archives and History maintains the Archives and History Library and the West Virginia State Archives; administers the highway marker program to designate historical sites; and provides support services and technical assistance to state, county, and historical organizations and institutions. Under the *Code*, the director of Archives and History serves as secretary to the citizen advisory Archives and History Commission and as staff to the Records Management and Preservation Board.

Mission

The mission of Archives and History is to collect and preserve West Virginia's public records and historical materials, to make these records available to the public and private sectors, and to disseminate historical information through publications and programs, so as to enrich the lives of past and present residents and future generations.

Highlights

- Records Management and Preservation Board awarded grants totalling \$324,623 to support projects in 37 counties
- 15 educational videos for students added to Archives and History's YouTube Channel
- 2,897 state documents and 19,369 pages printed from documents in electronic form, and 251 books and pamphlets added to collections
- more than 202 linear feet of manuscripts and state government records, and more than 119,993 photographs and negatives added to collections
- statewide county records preservation project digitized 86 record books and edited images for approximately 650 more
- 135 rolls of film shot in preservation microfilming of daily and weekly newspapers
- 291 research letters, 330 photo research requests, 952 reference calls, and 15,581 e-mails handled
- 21,000 Daily Trivia responses received
- new Highway Historical Marker book, *Signs of the Times*, published

Archives and History faced another challenging year in 2020-2021. Due to the pandemic, visits to the Archives and History Library were limited, and tour groups ceased. This enabled a greater focus on eliminating a tremendous backlog of unprocessed collections, which was completed by the end of the fiscal year. Additionally, collection donations increased dramatically during the fiscal year. Several staff assumed new positions, and plans to reconfigure collections within newly allotted storage space were initiated. A number of new educational videos were completed, and work with the Department of Education increased. In addition, Records Management and Preservation Board legislation was passed,

ARCHIVES AND HISTORY

increasing the grant funds available for county officials. Finally, an updated highway historical marker book was published, reflecting changes and additional markers added during the past twenty years.

COVID-19

The COVID-19 pandemic continued to shape activities at Archives and History for much of the 2020-2021 fiscal year. With a few exceptions, staff alternated working at home and onsite from July 2020 until April 2021, when all agency staff were required to resuming fulltime work at the Culture Center.

When at home, Archives and History staff continued to work on a variety of projects such as educational outreach videos and document-based questions, editing digital images for the statewide preservation project, printing pages of state agency documents from their Web sites, transcribing documents, and entering records into Access databases on laptops for future upload to the Vital Research Records databases.

One home project that was initiated during the year was creation of a master index for the roughly 200 corporation books that are not included in a master index at Archives and History that was created by the Secretary of State's Office. Over the course of the year, more than 45,000 database entries have been made from cell phone images of individual book indices, with subsequent physical review of select books that were difficult to decipher. This project has uncovered a few corporations that were omitted from the book index. A little more than one half of the project remains to be completed.

Library

After nearly four months closure due to the pandemic, the Archives and History Library reopened to the public on July 13, 2020, by appointment only, Tuesday through Friday, with a limitation of five patrons at a time. In preparation for reopening, plexiglass barriers had been constructed around the security and research desks and a procedure implemented to quarantine items handled by patrons and/or staff. The limitation on the number of patrons ended in May 2021 and Saturday hours resumed on June 12. The building remains closed to the public on Mondays.

In 2021, the Archives and History Library, in conjunction with the West Virginia Library Commission (WVLC) Library, migrated from the Voyager Integrated Library System to the Sierra platform. As a result, cataloging was suspended in May while the migration was underway but resumed in June. Cataloging staff received training through the WVLC. It had been more than a decade since the migration of the library's book and pamphlet catalog from VTLS to Voyager. During that earlier migration, hundreds of titles were dropped by the system. One staff member spent part of his COVID-work-at-home time identifying book titles missing from the Voyager catalog, finding hundreds that need to be added.

Web Site & Social Media

During the fiscal year, staff added 200 image files, 265 html/PDF text files, and 409 database records to the Archives and History Web site. In addition, 663 photograph records and images were added to Archives and History's PastPerfect Online catalog. More than 21,000 responses to the Daily Trivia were received, an increase of approximately 50 percent over the previous year.

Among other items added were new records in the Golden Horseshoe Winners, State Government Documents, and Periodicals databases. In addition, 92 biographies of individuals included on the West Virginia Veterans Memorial were added to the Web site. Archives and History's Veterans Memorial volunteer Pat McClure continued to work with George Washington High School's JROTC class on some of the biographies. Additions to one feature on the Web site that began early in 2020, document-based questions for 8th-grade students based on Archives and History's "On This Day in West Virginia History," continued through September.

During the fiscal year, 21 videos were added to YouTube, one to the Archives and History Music Channel and the remainder to Archives and History's main channel. Most of the latter were educational videos for school-age students that cover a variety of West Virginia social studies topics. Two other videos look at specialized image types—tintypes and daguerreotypes.

In 2019, Archives and History had been included in initial agency discussions on a new Web site but were not involved further until the fall of 2020, when staff were requested

to provide content for specific areas of the site envisioned by the web designers. Staff provided the requested information in November 2020.

Collections

Several collections were received during fiscal 2020-2021, but much of the year was dedicated to accessioning and processing materials already on hand. By the end of June 2021, 25 new government records collections had been accessioned and processed, including 234 boxes of Mercer County chancery and law files, while processing continued on circuit court records for Mingo and Fayette counties. Also added were 100 new photo, 105 new manuscript, and 158 new special collections accessions. While many of the latter were single-item accessions, additions to special collections also include scrapbooks and other materials about the General Glass Company, materials on the Charleston Municipal Auditorium and Charleston Community Music Association, and a folder of receipts and paystubs from Gauley Mountain Coal Company and Elk Lick Coal Company in the 1940s.

Several noteworthy manuscript collections were added. The Les Carpenter Collection, consisting of 8 boxes and oversized materials, primarily relates to Harrison County and includes materials about Nathan Goff and The Waldo Hotel. The 26-box Paul Nyden Collection contains Nyden's original research and articles on coal mining strikes, coal mining reform, labor controversy, and environmental concerns. Original land records from Logan and Mingo counties, as well as Pike County, Kentucky, and materials on the Town of Williamson comprise much of the George F. Williamson Family Collection, while the writing and newspaper career of C. Donald Hatfield, long-time newspaper editor, publisher, and executive, are covered in the Hatfield Collection. The William Harry Clarke Collection consists of World War II correspondence between Huntington native Clarke, a chaplain stationed overseas during the war, and his wife and son. All of them have associated photo collections. In addition, Archives and History received records from the Bartlett, Simpson, and Chandler funeral homes of Kanawha County; an 1863 ledger book of Albert Gallatin Jenkins, and ledger books of several businesses.

One photograph collection of special note is the William L. Wood Collection, which contains more than 1,400 negatives of the inauguration of Bob Wise as governor in 2001. Prior to receipt of these negatives, Archives and History had only a handful of images from that event. (See the accession list at the end of the report for a complete list of additions to the West Virginia State Archives collections in 2020-2021.)

Audiovisual Archives

During the fiscal year, newspapers covering the period from 1974 to 2021, primarily between 2012 and 2021, were filmed for a total of 135 rolls of microfilm. Archives

*Library patron numbers reflect limits on access during the year because of the pandemic.

and History continued to duplicate and replace *Charleston Gazette* and *Charleston Daily Mail* microfilm that has vinegar syndrome. More than 70 rolls of the *Gazette* and approximately 20 rolls of the *Daily Mail* have been replaced to date.

Photographer Perry Bennett donated a number of audio and video tapes from the estate of Charlie Cooper that include special local news programs and a collection of audio tapes of Mrs. Ruth Stephenson Norman's radio show *Church Women's News*. Also added to the audiovisual collections is a collection of memorabilia, audio and video recordings from a daughter of Doc and Chickie Williams of Doc Williams and the Border Riders.

While working at home, the moving images archivist continued work on the project to splice individual news stories

from WTRF 16mm film rollets onto large film rolls. In the building, a refileing project was started to place the in-house collection of audio tapes in chronological order.

Highway Markers

The highlight of the year for the Highway Historical Marker program was publication of the new marker book, *Signs of the Times: West Virginia's Highway Historical Marker Program*. Sent to the printers in February, the finished book was delivered on April 7, 2021. At 348 pages (including front matter), this volume is more than 100 pages longer than the previous marker book published almost two decades ago and includes approximately 300 new markers that have been erected since that earlier book was issued. More than one-half of them are sesquicentennial markers.

During the year, 9 markers were refurbished, 13 were replaced, and 24 new markers were ordered. Markers were distributed across 22 counties in the state. Following is a list of markers refurbished/replaced in the 2020-2021 fiscal year:

Camp Washington Carver – Fayette
Halfway House – Fayette
B&O Depot – Harrison
Fort Edwards – Hardy
Northwestern Turnpike – Hardy
Population Center – Hardy
Bull Moose Special – Kanawha
Pratt – Kanawha
State Capitol – Kanawha
Withers' Grave – Lewis
Lakin State Hospital – Mason
Elizabeth Simpson Drewry – McDowell
Bluefield State Teachers College – Mercer
Mayo and Savage – Mineral
Oriskany-Helderberg – Mineral
Bishop Matthew W. Clair, Sr – Monroe
Carnifex Ferry – Nicholas
Old Iron Furnace – Preston
Laura Jackson Arnold – Randolph
Great Bend Tunnel – Summers
Parkersburg High School – Wood
Wyoming County – Wyoming

Following is a list of new markers ordered in the fiscal year:

- West Virginia Flying Corps* – Brooke
- Siltix Mine Disaster* – Fayette
- Gilmer County Poor Farm Infirmary* – Gilmer
- Katherine Johnson* – Greenbrier
- Redmond-McCausland Home/General John McCausland Memorial Farm* – Mason
- Hotel Thelma* – Mercer
- Wiley Ford Racing* – Mineral
- Oak Grove Cemetery* – Monongalia
- Bill Withers* – Raleigh
- Clarence W. Meadows* – Raleigh
- Logan, Raleigh and Monroe Turnpike* – Raleigh
- Lelia Pearl Bragg Laska Chamberlain* – Summers
- Vienna* – Wood
- Revolutionary War Soldier's Grave* – Wayne

Records Management

During the 2021 legislative session, House Bill 2915, which increased the cost of filing fees of 1-9 pages in the county clerks' offices from \$1 to \$2, passed and was signed by Governor Jim Justice. This will enable the Records Management and

Total	\$349,260.00

Preservation Board to continue the current level of grant funding to county officials.

In the eighteenth round of Records Management and Preservation Board (RMPB) grants, 37 counties were awarded grants totaling \$324,623 for projects scheduled to begin on July 1, 2021. Mingo County received the largest award, \$17,000, to purchase a large format color document scanner/printer and shelving for the assessor’s office and to review case files and implement the records retention schedule in the in the circuit clerk’s office. The smallest award, \$3,124, went to Jackson County to recover the earliest chancery index books in the circuit clerk’s office.

Grants underway during the 2020-2021 year averaged just over \$8,773, less than the average for the 2019-2020 year. Four grants exceeded \$12,000 (Greenbrier, Hardy, Putnam, and Upshur). These counties had projects that included the purchase of shelving or a scanner, encapsulation of maps, digitization of record books, scanning other documents, and/or indexing records. A number of grants were in the \$5,000-\$10,000 range, but only one (McDowell) was for less than \$5,000. McDowell County was awarded \$4,909 to encapsulate and digitize map books in the county clerk’s office, and the county has been awarded another grant to continue this project in the 2021-2022 year.

The statewide county records preservation project staff continued to collect and digitize deed books, but they spent much time during the year using Digital Voodoo to improve images. Staff scanned 85 record books for Preston County and 1 for Boone, edited the digitized images, and converted them to smaller black and white files. In addition, staff converted and/or corrected more than 650 books for Fayette, Greenbrier, Logan, Raleigh, and Wayne counties.

Inter-Agency Support

Staff provided assistance to several state agencies regarding their records and retention schedules and also responded to requests for information on various topics. Staff continued to assist the Department of Education with preparation

of the Golden Horseshoe test.

In 2020, legislation passed amending the Uniform Real Property Electronic Recording Act. The legislation directed the Secretary of State to create the Real Property Electronic Recording Standards Advisory Committee to assist in the adoption of standards and practices. The director of Archives and History is serving on that committee as the representative of the Department of Arts, Culture and History, which began meeting monthly in the Fall of 2020.

Arts, Culture and History Internal Support

Archives and History continued to play a substantial role in a much scaled-back West Virginia History Bowl in 2021. Because of COVID-19, no regional matches could be played. A decision was made by the department to hold a state championship for both 2020 and 2021 on back-to-back days on May 10 and May 11 at the Culture Center.

Archives and History staff continued to provide support to other sections within the Department of Arts, Culture and History. Library staff assisted employees in other sections with various research topics. The photo archivist provided 164 digital images for *Goldenseal* magazine, published through the Communications unit, 57 images for exhibits and the museum, and 24 for the the Historic Preservation Office. Through arrangements made by the department, Archives and History staff also provided 197 gratis images for individuals in state offices or elsewhere.

Archives and History began the fiscal year with an exhibit on women in West Virginia in the photo gallery located in the north wing off the Great Hall, between the library and the entrance to the hallway leading to the Archives and History offices. That exhibit remained on display from March 2020 until June 2021, when it was replaced by photos to celebrate West Virginia on its birthday.

Outreach

Archives and History staff continued to focus on educational outreach to students during the 2020-2021 year. Additions to document-based questions for 8th-grade students based on Archives and History's "On This Day in West Virginia History" continued through September 2020. Work on education videos also continued with more than a dozen added to Archives and History's YouTube Channel. These videos, designed with 8th-grade students in mind, cover topics such West Virginia geography, local and state government, early and Civil War History, and African Americans.

In June 2021, Archives and History again participated in the Carter G. Woodson Lyceum Teachers Institute for educators. The African American focus of this year's Archives

ARCHIVES AND HISTORY

program was the collections of the Norman family.

A limited twenty-fifth annual History Day was held on March 1, 2021. The capitol building was closed for display groups because of the pandemic, but a virtual History Hero award ceremony was created and placed on Archives and History's YouTube Channel to honor the year's 17 History Heroes.

The video is available at <https://www.youtube.com/watch?v=6HwoxAJGboU>.
